Art in Stone

This catalog is the result of a close collaboration with talented moroccan architecture students and designers, who brought our natural stones to life through their creative visual interpretations. Each image reflects their unique perspective and emerging vision, showcasing our marble in inspiring settings where mineral authenticity meets contemporary design exploration.

Ce catalogue est le fruit d'une étroite collaboration avec de talentueux étudiants marocains en architecture et en design, qui ont donné vie à nos pierres naturelles à travers leurs interprétations visuelles créatives. Chaque image reflète leur regard singulier et leur vision émergente, mettant en valeur notre marbre dans des mises en scène inspirantes où l'authenticité minérale rencontre l'exploration du design contemporain.

Please note: The images in this catalog may not accurately reflect the true colors, veining, and textures of our marble slabs, due to natural variations in quarry extraction and limitations of digital displays. For the most accurate evaluation, we highly recommend visiting us in person to view the actual slabs and explore the full range of available options.

Veillez noter: Les images présentées dans ce catalogue peuvent ne pas refléter fidèlement les couleurs, les veinages et les textures réels de nos tranches de marbre, en raison des variations naturelles liées à l'extraction en carrière ainsi que des limites des supports numériques. Pour une évaluation la plus précise possible, nous vous recommandons vivement de nous rendre visite afin de découvrir les tranches réelles et d'explorer l'ensemble des options disponibles.

About Us

SINASTONE, part of the Intersig Karkachi & Fath family group, one of Morocco's leaders in the construction sector, is driven by the second and third generations under the leadership of Adil Ibnoussina, General Manager, and Fatima Zahra Jama, Deputy Director. Rooted in tradition yet forward-looking, SINASTONE is a pioneer in ornamental stones, specializing in high-quality marble, granite, quartzite, and semi-precious stones, with carefully selected quarries ensuring the purity and natural beauty of each block.

In July 2024, SINASTONE inaugurated its 45,000 m² factory and showroom in Casablanca following a 130 million dirham investment, marking a new strategic vision and brand identity. Equipped with advanced production units and cutting-edge technologies, and reinforced by the "Made in Morocco" label awarded in 2024, SINASTONE combines craftsmanship, innovation, and digital precision to deliver premium solutions for contemporary architecture and design.

À propos de nous

SINASTONE, filiale du groupe familial Intersig Karkachi & Fath, l'un des leaders de la construction au Maroc, est portée par la deuxième et la troisième générations, sous la direction d'Adil Ibnoussina, Directeur Général, et de Fatima Zahra Jama, Directrice Générale Adjointe. Ancrée dans la tradition et tournée vers l'avenir, SINASTONE est un acteur pionnier de la pierre ornementale, spécialisée dans le marbre, le granit, la quartzite et les pierres semi-précieuses de haute qualité, issues de carrières rigoureusement sélectionnées.

En juillet 2024, SINASTONE a inauguré à Casablanca une usine et un showroom de 45 000 m², à la suite d'un investissement de 130 millions de dirhams, marquant une nouvelle vision stratégique et une identité de marque affirmée. Dotée de technologies de pointe et renforcée par l'obtention du label « Made in Morocco » en 2024, SINASTONE allie savoir-faire, innovation et précision numérique au service de l'architecture et du design contemporains.
